Updates from Student Evaluation of Teaching

SET

- Is now online.

Items

- Have not changed.

Response rates

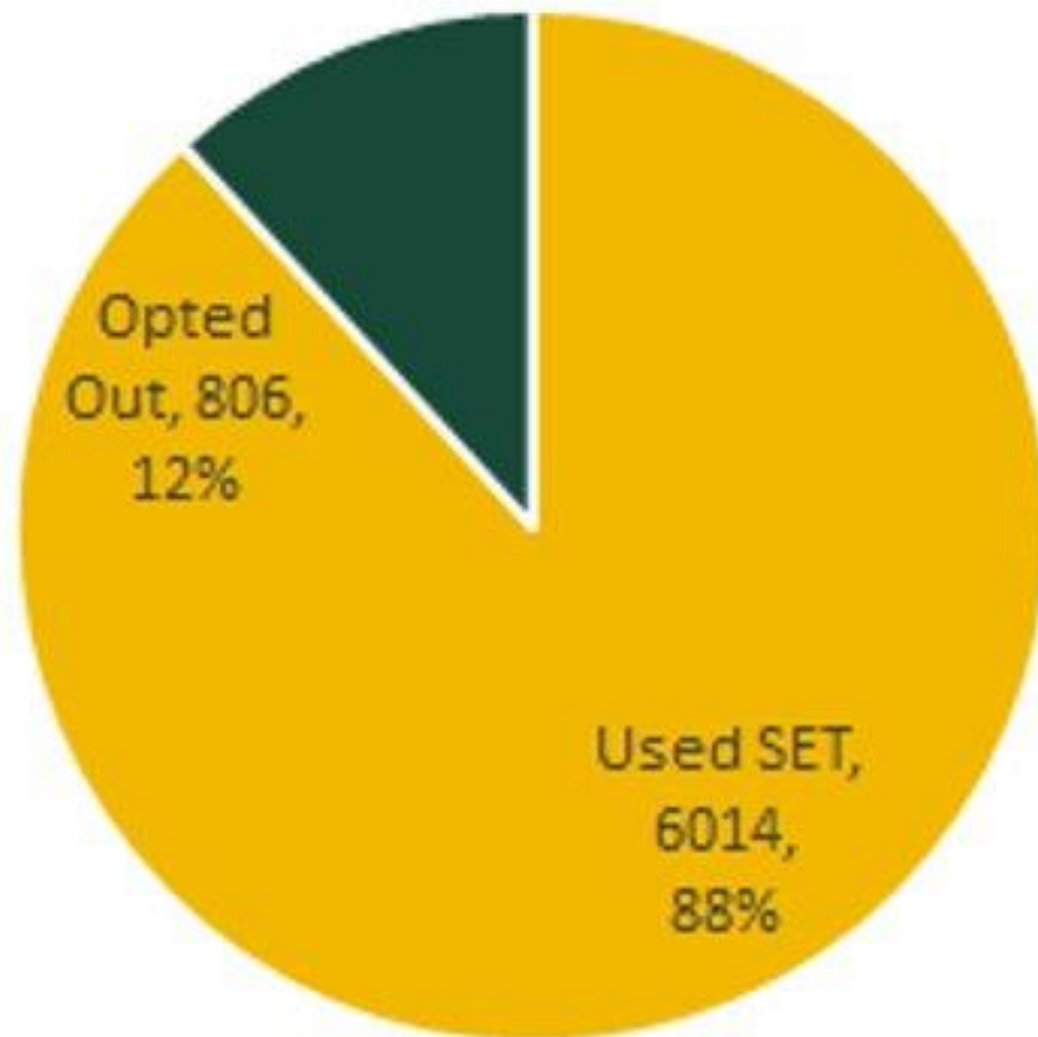

- Are improving.

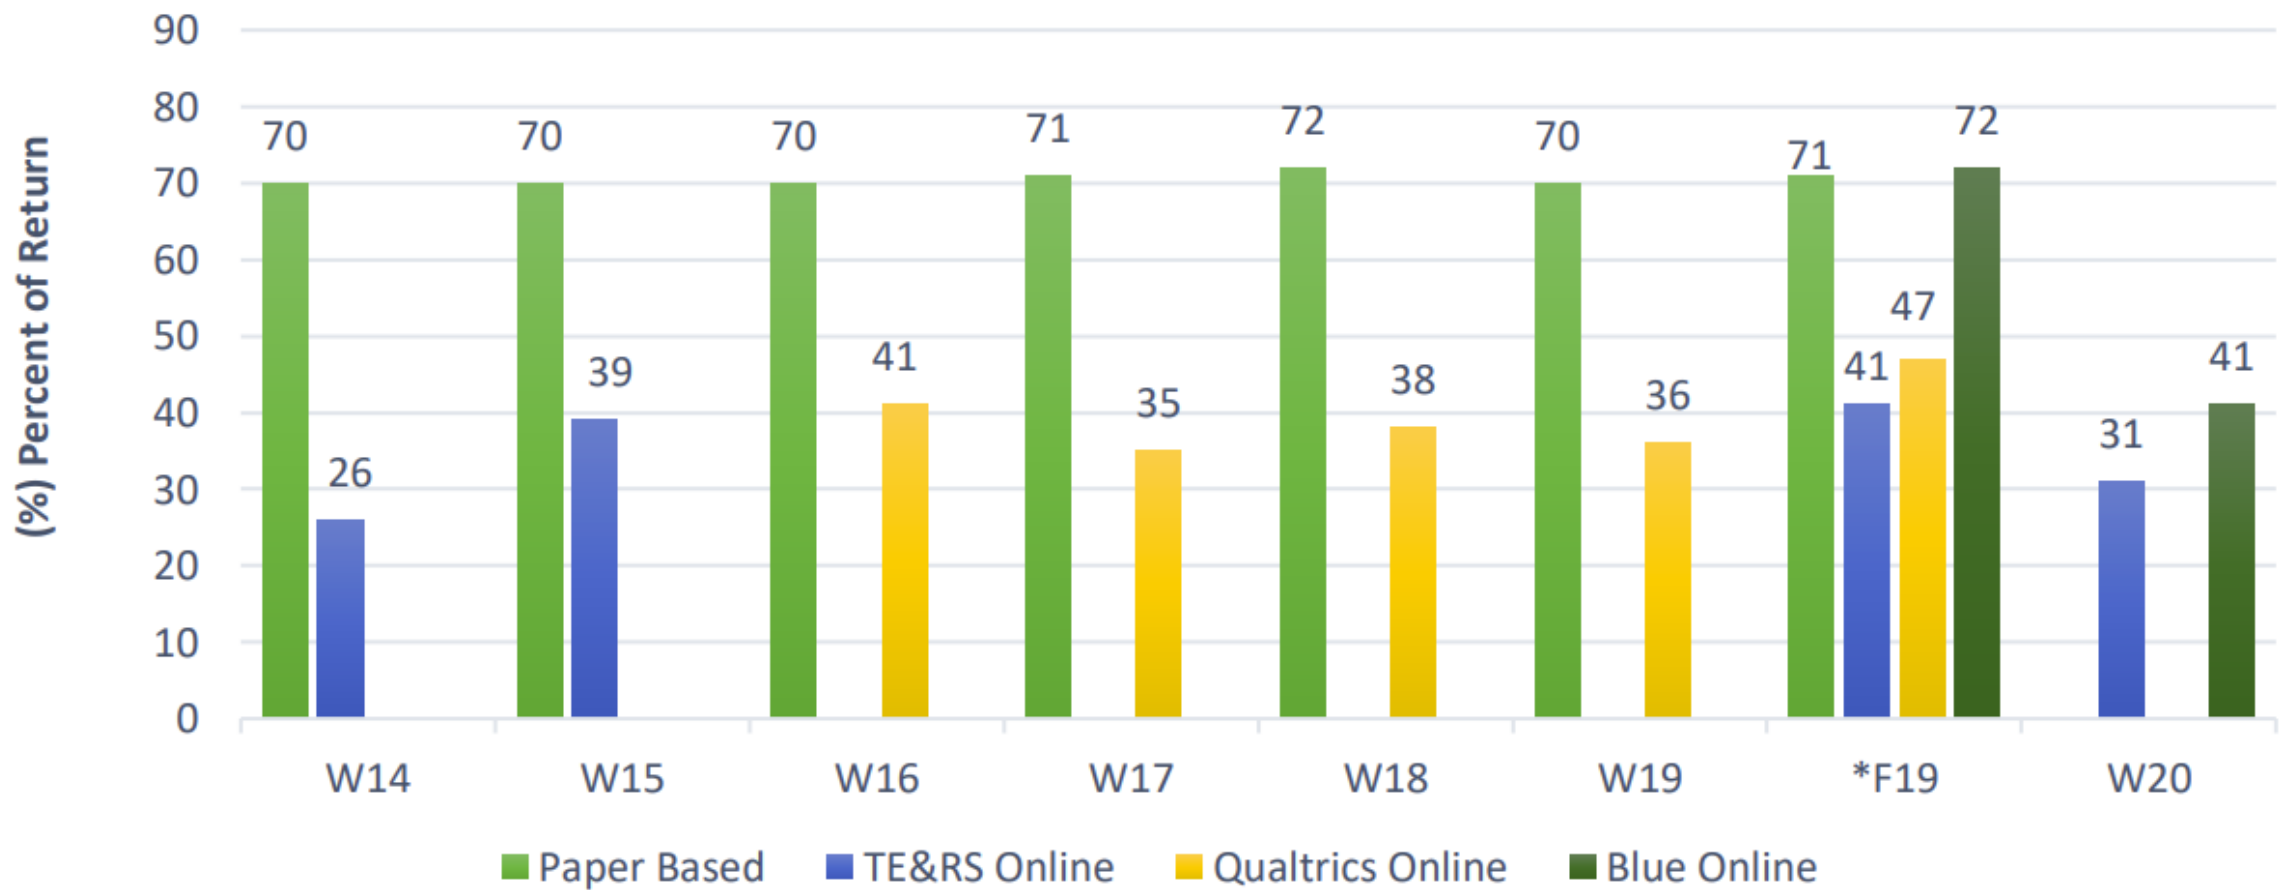

Student Evaluation of Teaching (SET)

Faculty who opted out, were able to delete their results after seeing how they performed, but before they were shared with their chair or evaluation committees.

Only 12% chose to opt out in Winter 2020.

Faculty Decisions

SET Response Rates

One thing you can do to boost response rates is use the new reminder feature in the faculty dashboard.

Assessment of Student and Faculty Engagement

We offer students and faculty a chance to evaluate their experience at Wayne in terms of high engagement practices.

Results of a recent survey are available online.

<https://oir.wayne.edu/institutional-research/nsse>

We are also working on a new survey, developed specifically for our university.
